

Sustainability and Responsibility Report

Purpose: To highlight our sustainability initiatives, environmental practices, and community engagement, demonstrating our commitment to responsible business.

Our Sustainability and Responsibility Report showcases our efforts to minimize our environmental footprint, promote social responsibility, and contribute positively to the communities where we operate. It reflects our commitment to ESG (Environmental, Social, and Governance) principles, which are increasingly important to shareholders.

Table of Contents

1. Introduction

Our Sustainability and Responsibility Report outlines Lithium Inc. USA's commitment to sustainable and responsible business practices. We recognize the critical importance of environmental, social, and governance factors in shaping our operations and decisions.

2. Environmental Stewardship

2.1 Sustainable Mining Practices

We are dedicated to sustainable mining practices that minimize the environmental impact of our operations. This includes responsible resource extraction, habitat preservation, and biodiversity conservation.

2.2 Resource Efficiency

Efficient use of resources is central to our sustainability efforts. We continuously seek ways to reduce waste, energy consumption, and water usage throughout our operations.

3. Social Responsibility

3.1 Community Engagement

We actively engage with the communities where we operate, striving to be a responsible neighbor. This includes supporting local initiatives, fostering economic development, and ensuring that our presence benefits the community.

3.2 Employee Wellbeing

Our employees are our most valuable assets. We prioritize their wellbeing, safety, and professional development. A healthy and motivated workforce is essential to our sustainability.

4. Governance and Ethics

4.1 Corporate Governance

Our corporate governance practices are aligned with best industry standards. We uphold transparency, accountability, and responsible decision-making at all levels of our organization.

4.2 Ethical Business Conduct

Ethical conduct is non-negotiable at Lithium. We maintain the highest standards of integrity, ensuring that our business practices are beyond reproach.

5. Performance Metrics and Goals

5.1 Environmental Goals

We have set ambitious environmental goals, including reducing our carbon footprint, water usage, and waste generation. We regularly measure and report on our progress toward these goals.

5.2 Social Goals

Our social goals encompass community engagement, diversity and inclusion, and employee wellbeing. We believe in measurable social impact and actively work to achieve it.

5.3 Governance Goals

Our governance goals focus on continuous improvement of our governance practices, including board diversity, risk management, and regulatory compliance.

6. Conclusion and Future Commitments

In conclusion, Lithium Inc. USA is committed to upholding the highest standards of sustainability and responsibility. We acknowledge our role in shaping a better future for our planet, our communities, and our shareholders. We remain dedicated to transparency and accountability as we move forward, working to fulfill our commitments and contribute positively to society.

Effective Date: October 30, 2023

This comprehensive Sustainability and Responsibility Report reflects Lithium Inc. USA's dedication to sustainable and responsible business practices, which are critical to meeting the expectations of shareholders and stakeholders alike.
